Kristin, The LDF TERO Ordinance has been with legal for review for some time and has never been approved and adopted. The Dept. of Interior would have to also approve after the Council. So, we have been reaching our employment goals of hiring Natives through labor agreements. There is no fee as of yet.....Brooks

**Subject:** TERO fees for private well sampling work scheduled this year

Good Afternoon Brooks,

Thank you for talking to me this morning about TERO fees/procedures.

EPA had contacted us requesting policies for TERO fees associated with planned groundwater sampling work. If I understand correctly, there currently is no TERO fee for work completed on the reservation but one may be enacted in the future after an approved TERO code is enacted. The work scheduled for this year will not require any TERO fees.

Did I understand this right?

Thanks for your help with this!
